2. (Internal Use Only - LLM) Spoke with Miss Virginia Butler, Department of State, concerning S. 2778 (Federal Security Act) which establishes a central office to coordinate Federal personnel loyalty and security programs. Miss Butler said that request for comments on the proposal had come through the Secretary of State's office. We will attempt to obtain a prognosis of Committee action from Senate Government Operations.

3. (Unclassified - GLC) Met with Martin Sweig, in the office of Speaker McCormack, to advise him of the status of the application of [REDACTED] who has been recommended by the Speaker. I told Sweig that [REDACTED] was a very promising looking applicant and that I would keep him informed as to her processing. Sweig asked if he might say something to her family to this effect and I suggested he wait at least a few days until I could be in touch further on this. Sweig mentioned again that the Speaker and [REDACTED] family are close friends and emphasized the Speaker's strong interest in her case.

5. [] Talked with Mr. William Darden, Senate Armed Services Committee staff, and discussed the question of a transcript at the Thursday, 18 January, hearing. Mr. Darden felt certain the Chairman would want a transcript since the absence of one causes adverse reaction. It was agreed there would be only two copies and the Committee would be agreeable to special security handling of the transcript and notes. Mr. Darden will advise tomorrow the precise time but he rather thought it would be 10:30 a.m.
